Cross Sectional Shape:

O-ring

Cross Section Outside Diameter:

Between 1.082 inches and 1.087 inches

Center Hole Diameter:

Between 0.685 inches and 0.687 inches

Peripheral Diameter:

Between 0.18 inches and 0.20 inches

End Application:

Standardized butterfly valve

Product Name:

Packing, preformed

Special Features:

Iem per mil-p-24503, typeii, class 2

Material:

Graphite

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
