Overall Length:

14.500 inches

Cross-sectional Width:

0.160 inches

End Application:

Kc-46 tanker

Construction:

Laminated

Product Name:

Seal

Special Features:

O'level ata 55; 10-60754-335 is a substitute; dacron fabric per d2000

Material:

Steel comp 301 insert

Material Specification:

Ams 5519 assn standard single material response insert

Style Designator:

Strip

Reference Number Differentiating Characteristics:

Item is faa certified

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
