**Cross-sectional Height:**

Between 0.067 inches and 0.073 inches

**Center Hole Diameter:**

Between 0.484 inches and 0.494 inches

**Special Features:**

As differentiated by material in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Material:**

Rubber synthetic

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510x0
