Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 11.455 inches and 11.515 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Mil-p-5516, class b military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0

Mil-std (military Standard):

Mil-p-5516 spec.
