The attrice at the post, across acception is the across acception in the across acception in the acception acception in the acceptance and acceptance acce
Cross-sectional Height:
Between 0.135 inches and 0.143 inches
Center Hole Diameter:
Between 11.455 inches and 11.515 inches
Material:
Rubber butadiene-acrylonitrile class nbr
Material Specification:
Mil-p-5516, class b military specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A510x0

Mil-std (military Standard):

Mil-p-5516 spec.
