Cross-sectional Height:

0.062 inches

Center Hole Diameter:

Between 0.359 inches and 0.369 inches

End Application:

W/s: galley equipment & food service; aircraft, f-111; support equipment, ov-10a aircraft; support equipment, c-5 aircraft; support equipment, t-38 aircraft; support equipment, t-37 aircraft; moored training ship; emory s. Land class as; submarine engineering and diesel systems

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
