Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 1.719 inches and 1.749 inches

Product Name:

Packing, preformed- ams 7280, "o"ring

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams 7280 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
