Cross-sectional Height:

Between 0.106 inches and 0.112 inches

Center Hole Diameter:

Between 3.972 inches and 4.002 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Ams-7272 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
