Center Hole Diameter: 0.250 inches Criticality Code Justification: Feat Special Features: As differentiated by material which must conform to ships parts control center special quality control provisions and certified free fromercury contamination zzzy Material: Rubber butadiene-acrylonitrile class nbr Test Data Document: 81349-mil-p-23199 specification (includes engineering type bulletins, brochures, etc., that reflect specification type data in specific format; excludes commercial catalogs, industry directories, and similar trade publications, reflecting general type data on certain environmental and performance requirements and test conditions that are shown as "typical", "average", "", etc.). Shelf Life: N/a Unit Of Measure:
