Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 1.908 inches and 1.942 inches

Product Name:

Packing, preformed - ams 7280, "o" ring

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams7280 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
