Cross-sectional Height:

Between 0.205 inches and 0.215 inches

Center Hole Diameter:

Between 3.960 inches and 3.990 inches

Criticality Code Justification:

Zzzy

Material:

Plastic polytetrafluoroethylene

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
