Cross-sectional Height:
0.103 inches
Center Hole Diameter:
0.612 inches
Criticality Code Justification:
Zzzy
Special Features:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Material:
Rubber
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A510x0
