**Cross-sectional Height:**

Between 0.067 inches and 0.073 inches

**Center Hole Diameter:**

Between 0.359 inches and 0.369 inches

**Criticality Code Justification:**

Zzzy

**Material:**

Plastic polyurethane

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A510x0
