Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 1.347 inches and 1.371 inches

Criticality Code Justification:

Zzzy

Material:

Rubber ethylene-propylene class epm

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
