Cross-sectional Height:
Between 0.100 inches and 0.106 inches
Center Hole Diameter:
Between 1.597 inches and 1.627 inches
Criticality Code Justification:
Zzzy
Material:
Rubber ethylene-propylene class epm
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A510x0
