Cross-sectional Height:

Between 0.205 inches and 0.215 inches

Center Hole Diameter:

Between 4.320 inches and 4.380 inches

Criticality Code Justification:

Zzzy

Special Features:

O"ring, non-metallic standard

Material:

Rubber

Specification Or Standard:

5787357 drawing number

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
