Cross-	sectional	Height:
CI U33-	Sectional	Height.

Between 0.067 inches and 0.073 inches

Center Hole Diameter:

Between 0.855 inches and 0.873 inches

Product Name:

Packing preformed-ams 7280, 'o'ring

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams7280 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
