Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 0.479 inches and 0.489 inches

End Application:

Pacer dawn

Material:

Rubber silicone class q

Material Specification:

Ams7267 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
