Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 1.990 inches and 2.010 inches

Material:

Rubber carboxylic-nitrile-butadiene class xnbr

Material Specification:

976, cage 54497 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
