Cross-sectional Height:

Between 0.094 inches and 0.100 inches

Center Hole Diameter:

Between 0.750 inches and 0.760 inches

Material:

Rubber butadiene-acrylonitrile class nbr or rubber silicone class q

Material Specification:

Mil-g-21610 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0

Mil-std (military Standard):

Mil-g-21610 spec.
