Tempurature Rating:

-65.0 degrees fahrenheit and 500.0 degrees fahrenheit

Cross-sectional Height:

Between 0.027 inches and 0.035 inches

Center Hole Diameter:

Between 0.509 inches and 0.525 inches

Material:

Rubber silicone class q

Material Specification:

Gps 2600-1 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
