Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 3.094 inches and 3.124 inches

End Application:

Ms00g oxygen generating system for f15e ground support

Hardness Rating:

70.0 shore durometer a

Special Features:

SIMI-LA-RTO-5330

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
