Cross-sectional Height:

Between 0.056 inches and 0.062 inches

Center Hole Diameter:

Between 0.270 inches and 0.280 inches

Material:

Rubber polymethylene-perfluoroalkylene class fkm

Material Specification:

Ams 7276 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
