Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 3.581 inches and 3.637 inches

End Application:

Gas turbine engine model 570 kf

Product Name:

Packing, preformed-ams 7280 o-ring

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams7280 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
