Cross-sectional Height:

Between 0.061 inches and 0.073 inches

Center Hole Diameter:

Between 0.298 inches and 0.306 inches

Material:

Rubber silicone class q

Test Data Document:

96906-ms9967 standard (includes industry or association standards, individual manufactureer standards, etc.).

Specification Data:

96906-ms9967-011 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
