Cross-sectional Height:

Between 0.037 inches and 0.043 inches

Center Hole Diameter:

Between 0.365 inches and 0.375 inches

Special Features:

Suggested sources of supply parker-hannifin and precision rubber products

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
