Cross-sectional Height:

Between 0.067 inches and 0.073 inches

Center Hole Diameter:

Between 9.350 inches and 9.550 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Ams 3215 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
