Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 2.540 inches and 2.560 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Ams 7271 military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
