### **Cross-sectional Height:**

Between 0.067 inches and 0.073 inches

### Center Hole Diameter:

Between 0.203 inches and 0.213 inches

## Material:

Rubber fluorocarbon class fpm

### **Material Specification:**

Ams7280 assn standard single material response

#### **Specification Data:**

81343-as3085 government standard

#### Shelf Life:

N/a

# Unit Of Measure:

Demilitarization:

#### No
