Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 9.929 inches and 10.039 inches

Material:

Rubber fluorocarbon class fpm

Material Specification:

Ams7280 assn standard single material response

Specification Data:

81343-as3085 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
