Cross-sectional Height:

Between 0.205 inches and 0.215 inches

Center Hole Diameter:

Between 18.910 inches and 19.000 inches

Material:

Rubber silicone class q

Material Specification:

Ams 7267 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
