Cross-sectional Height:

0.070 inches

Center Hole Diameter:

0.364 inches

End Application:

Spruance class dd; valve, angle relief

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3660c assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
