**Cross-sectional Height:**

0.070 inches

**Center Hole Diameter:**

0.364 inches

**End Application:**

Spruance class dd; valve, angle relief

**Material:**

Plastic polytetrafluoroethylene

**Material Specification:**

Ams 3660c assn standard all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510x0
