Cross-sectional Height:

0.275 inches

Center Hole Diameter:

19.625 inches

End Application:

1021 sq ft oil cooler; submarine engineering and diesel systems

Product Name:

Waterbox o-ring gasket

Special Features:

O-ring has a centered band connecting both edges

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Mil-p-83461 military specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0

Mil-std (military Standard):

Mil-p-83461 spec.
