Cross-sectional Height:
0.275 inches
Center Hole Diameter:
19.625 inches
End Application:
1021 sq ft oil cooler; submarine engineering and diesel systems
Product Name:
Waterbox o-ring gasket
Special Features:
O-ring has a centered band connecting both edges
Material:
Rubber butadiene-acrylonitrile class nbr
Material Specification:
Mil-p-83461 military specification all material responses
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A510x0
Mil-std (military Standard):
Mil-p-83461 spec.
