Cross-sectional Height:

0.103 inches

Center Hole Diameter:

0.488 inches

End Application:

Beverage disp

Hardness Rating:

80.0 shore durometer a

Special Features:

Made of fda white listed ingredients and tasteless, colorless, and non-toxic and free of mold, grase, manufacture defects or other contaminations

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
