Cross-sectional Height:

0.070 inches

Center Hole Diameter:

1.372 inches

End Application:

Ticonderoga class cg

Special Features:

Used on solenoid open valve high pressure energize to open (fc) size 1 1/2

Material:

Rubber ethylene-propylene class epm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
