Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 0.603 inches and 0.621 inches

End Application:

Filter, assembly, flu

Special Features:

Item is also known as packing, preformed, (aircraft)

Material:

Rubber fluorocarbon class fpm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
