Cross-sectional Height:

0.047 inches

Center Hole Diameter:

1.670 inches

End Application:

BEAC-ON-SET-,RAD

Criticality Code Justification:

Feat

Special Features:

Smic e aviation critical/flight safety critical aircraft part acsi/fscap specially designed or selected as being nuclear hard

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
