

NSN 5331-01-482-8248 O-ring - Page 1 of 1	AeroBase Group
View Online at https://aerobasegroup.com/nsn/5331-01-482-8248	
Cross-sectional Height:	
Between 0.135 inches and 0.143 inches	
Center Hole Diameter:	
Between 7.704 inches and 7.764 inches	
End Application:	
C-295 aircraft	
Product Name:	
Packing, preformed, ams 7267, o-rring	

Material:

Rubber silicone class q

Material Specification:

Ams7267 assn standard single material response

Unpackaged Unit Weight:

0.834 kilograms

Specification Data:

81349-ms9386-265 government standard

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A510x0
