Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 7.704 inches and 7.764 inches

End Application:

C-295 aircraft

Product Name:

Packing, preformed, ams 7267, o-ring

Material:

Rubber silicone class q

Material Specification:

Ams7267 assn standard single material response

Unpackaged Unit Weight:

0.834 kilograms

Specification Data:

81349-ms9386-265 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
