Cross-sectional Height:

0.060 inches

Center Hole Diameter:

1.114 inches

End Application:

Tf34-ge-400a turbofan engine

Special Features:

TURB-IN-EEN-GINE

Material:

Rubber fluorocarbon class fpm

Material Specification:

Type 1 class 1 per sp-955 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
