Cross-sectional Height:

Between 0.067 inches and 0.073 inches

Center Hole Diameter:

Between 0.484 inches and 0.494 inches

End Application:

F404 engine

Product Name:

Seal, o-ring

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Stillman sr3093-75, hnbr mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
