Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 6.694 inches and 6.774 inches

End Application:

Ale-50a/cntrm; f4a aircraft

Hardness Rating:

70.0 shore durometer a

Color:

Black

Material:

Rubber ethylene-propylene-diene class epdm

Material Specification:

23711 epdm mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
