Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 0.292 inches and 0.306 inches

Material:

Rubber fluorosilicone class fq

Material Specification:

81349, -25988/4 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0

Mil-std (military Standard):

spec.
