Cross-sectional Height:

Between 0.100 inches and 0.106 inches

Center Hole Diameter:

Between 3.860 inches and 3.890 inches

End Application:

6115-01-459-4514; generator set, diesel eng; m1 abrams tank

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Sae-ams7272-80 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
