Cross-sectional Height:

0.059 inches

Center Hole Diameter:

0.275 inches

End Application:

Valve, fill drain refrigerant high pressure

Hardness Rating:

80.0 shore durometer a

Special Features:

Material hnbr

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
