**Cross-sectional Height:**

0.275 inches

**Center Hole Diameter:**

32.800 inches

**End Application:**

Main shaft stern tube closure device & snubber assembly

**Material:**

Rubber butadiene-acrylonitrile class nbr

**Material Specification:**

Mil-g-21510 ty-i military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510x0

**Mil-std (military Standard):**

Mil-g-21510 spec.
