Cross-sectional Height:

Between 0.269 inches and 0.281 inches

Center Hole Diameter:

Between 5.313 inches and 5.387 inches

End Application:

D.I.Tank

Hardness Rating:

70.0 shore durometer a

Special Features:

70 duro ethylene propylene fda approved; usn no.432

Material:

Rubber ethylene-propylene-diene class epdm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510x0
