Cross-sectional Height:

Between 0.100 inches and 0.126 inches

Center Hole Diameter:

Between 1.977 inches and 1.997 inches

End Application:

Tf33pw102 eng

Material:

Rubber silicone class q

Material Specification:

Ams7273 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510x0
